7/2

Subject:- Petition of Sri Girija Devi for quarrying stones in the Kumara Park area, for the construction of Sri Maha-Lakshmi Temple in Site Nos. 30 and 31 of the Extension.

1) In May 1944, Sri. Girija Devi, High School Road, Seshadripuram, requested permission for quarrying stones in the Kumara Park area, for the construction of Sri Mahalakshmi Temple on Site Nos.30 and 31 of the Kumara Park Extension granted to her for the said purpose. As no quarrying of stones could be allowed in this area, till the roads were formed and the sites were demarcated, the request of the petitioner was not approved by Government and she was informed accordingly, in this office letter No.L.6505 dated 4-1-1945.

2) Sri. Girija Devi has, in her petition dated 19.1.45, addressed to the Minister for Revenue and Law, requested a reconsideration of the above orders of Government, on the following grounds:-

1) that the Kurubar Sangha has been permitted to quarry stones in the area for the construction of the Sangha Hostel and that a private contractor is allowed to quarry stones in the same area

2) that the stones of the quality required for the construction of the said temple cannot be obtained anywhere except at the Kumara Park extension.

3) that they are unable to construct the temple without support from the Government, being helpless ladies.

The report received in the above matter from the Engineer Officer

ficer is for perusal. The Engineer Officer has conceded that, adjacent to the Kumara Park, quarrying is being done by one or two persons in their own sites. He is not in favour of granting the request of the petitioner on the following grounds:-

1) that the grounds of the Kumara Park are already disfigured by indiscriminate quarrying of stones and that extensive and deep excavations have rendered alignment of building sites and construction of roads both difficult and costly;

2) that the Dewan has forbidden further quarrying in the area, for the above reasons.

3) that a large quantity of size stones and metal for roads are required for the works undertaken in the Kumara Park Extensions.

4) that the Municipal Commissioner has been requested to insist on these persons since the sites are for construction of houses and not for quarrying.

In view of the fact that permission to quarry stones in the Kumara Park has been asked by the petitioner for a beneficial purpose, (i.e., construction of the Sri Mahalakshmi Temple,) it is for consideration if the request of the petitioner may not be complied with, subject to the condition that only the top boulders above the ground level should be removed without causing unsightly pits.

The above report is submitted for perusal and orders with reference to the orders of the Minister Revenue & Law in Flag W — Para 6.

J.Mahammad Imam, Esq., B.A.,B.L.,

Dewan Minister for Public Works

Government of Mysore, Bangalore

Respected Sir,

We the undersigned most humbly and respectfully beg to bring the following few lines to your kind and sympathetic consideration with a view that our humble prayer would meet with success--

In this connection we may be permitted to mention here that sites, bearing No.30 and 31 were granted to us by the Benign Government of His Highness the Maharaja of Mysore after considering all the aspects of the question for construction of Sri Mahalakshmi Temple in those sites. Then the Government itself have been pleased to sanction the lands for the said purpose, the very fact of the refusal to permit us to quarry stones in the said Kumara Park for the construction of the temple will vanishes the very generous grant of the Benign Government.

We may be permitted to point out here that the authorities of ~~Kumara~~ Park Kurubara Sangha has been permitted to quarry stones to construct Kurubara Benign Hostel. Added to this a private contractor is allowed to quarry stones in the same locality who is selling them and ~~xxxxx~~ making his fortune. We are asking this only for the construction of a temple which is a good cause and not for any other purposes

We are helpless ladies and it is only at the generous support of the Benign Government and its authorities we will be able to construct the temple in question and this generous act of your goodself will be ever remembered by one and all.

3180
PW

We beg to point out here that the stones of the quality required by us for the construction of the temple cannot be obtained anymore and these stones are only available in in the quarries at Kunara Pari extension. Even if these stones are obtained outside, they demand exhorbitant rates and we poor ladies out of our small subscription cannot meet such costly bills.

In the light of the above circumstances and as your honour is quite aware of all the facts and circumstances, we most humbly and respectfully beg of your honour to be kind enough to sanction us a suitable quarry near by and thus help us. Anxiously awaiting your favourable commands. (for free distribution)

For such act of kindness and timely help, I shall ever remain grateful.

I beg to remain,
Respected Sir,
Your most obedient servant.

uation Sheet | File No / Current No | of | Pa

The Law Secretary to the
Government of His Highness the Maharaja of
Mysore, Bangalore.

Respected Sir,,

We the undersigned most humbly and respectfully beg to bring the following few lines to your kind and sympathetic consideration with a view that our humble prayer would meet with success.-

We beg to bring to your kind notice that your goodself issued an endorsement No.L.6565 dated 4th January 1945 intimating that no permission would be granted to quarry stones in the Kumara Park extension in reply to our application dated 13th May 1944.

In this connection we may be permitted to mention here, that sites bearing No.20 and 21 were granted to us by the benign Government after considering all the aspects of the question for construction of Sri Mahalakshmi Temple. In those sites, when the Government itself, have been pleased to sanction the lands for the said purpose, the very fact of the refusal to permit us to quarry stones in the said Kumara Park for the construction of the temple, will vanishes the generous gift of the Benign Government.

We may be permitted to point out here that the authorities of Kumbara Sangha has been permitted to quarry stones to construct Kumbara Sangha Hostel. Added to this a private contractor is allowed to quarry stones in the same locality, who is selling them and making his fortune. We are asking this only for the construction of a temple which is a good cause and not for any other purposes.

Lenth

an application on 19th of this month to the Minister for

evenue and Law and to understand, that the said applica-
ion has been sent to you for doing the needful in the
atter.

The laying of the foundation stone ceremoney of
he said temple was arranged during the month of Novembe.
944 and Mrs. Narasamma N.Madhava Rao(Dewan of Mysore)
ad graciously consented to lay the foundation stone. But
unfortunately due to some circumstances, the function
has to be postponed and arrangements are being made to
cemebrate this ceremoney as early as possible.

We are helpless ladies and it is only at the
generous support of the Bengal Government and its authori-
ties we will be able to construct the temple in question and
this generous act of your goodself will be ever remembered by
one and all.

We beg to point out here that the stones of the
quality required by us for the construction of the temple
cannot be obtained anywhere and these stones are only
available in the quarries at Kumara Park extension.
Even if these stones are obtained, they demand exhorbitant
rates and we poor ladies out of our small subscription cannot
meet such costly bills.

In view of the above circumstances, we most
humbly and respectfully beg of your honour to be kind enough
to send for the complete records, peruse them and please
accord us necessary permission to quarry stones in Kumara
park in the places shown by us. Anxiously awaiting your fa-
vourable commands. For which act of kindness and timely
help, we shall ever remain grateful.

Yours obediently

Re: the petition of Srimathi Girijabai for quarrying stones in Kumara Park

---

With reference to your Memo No. L.7470 dated 26th January 1945 forwarding the petition of Srimathi Girijabai for my report, I have the honour to state that the grounds of Kumara Park are already [illegible] indiscriminate quarrying of stones. Extensive and [illegible] are made rendering alignment of building sites [illegible] of roads both difficult and costly.

[illegible] iese reasons the Dewan Sahib has forbidden further [illegible] ther, we require a large quantity of size stones and metal for roads, tunnels and other works.

Adjacent to the Kumara Park, quarrying is being done by one or two persons in their own sites. The Municipal Commissioner, has been requested to insist on these persons using the sites for construction of houses and not for quarrying.

Every step is taken to avoid formation of unsightly pits by quarrying in and around Kumara Park. I am not therefore in favour of granting the petitioner the concession she wants as it will lead to a bad precedent and the Government have alread

P.T.O.

refused her request in their letter No. L.6565 dated 4th January 1945.

I have the honour to be,
Sir,
Your most obedient servant,
